Introduction

This guide is for all users of the Registry of Educational Personnel (REP) Application. Users should also utilize the current edition of the REP Data Field Descriptions and any addenda posted to the REP Web page. This guide includes directions for using the REP Online Single Submission Application, the bulk submission/upload process and other features within the REP Application. We have divided the user's guide into sections as they appear in the REP Online Single Submission Application. This guide will provide you with a definition for, and general information about, each field collected in the REP, as well as instructions for using the REP data entry system.

A separate REP Report User's Guide is available on the REP Web page at http://www.michigan.gov/cepi/0,4546,7-113-986_10478---,00.html under REP Help and Resources.

General Information

What Information Do Users Enter into the REP?

The REP collects basic employment elements relating to school personnel. Authorized users must submit personnel data twice a year, in the fall and at the end of the school year. The Michigan Department of Education (MDE) uses the fall and end-of-year (EOY) data to conduct its teacher audit and to meet state and federal reporting requirements. The fall data must be accurate as of the submission date in December. The EOY data must be accurate as of the last day of the school year. A school year is from July 1 to June 30.

Authorized users may either enter data online or by a bulk file upload procedure, and can edit data online. Files for upload must conform to the specified fixed format or tab-delimited format in the REP Data Field Descriptions. In general, in the record layout, alphanumeric fields are initialized with blanks and left justified, and integer fields are initialized with zeroes and right justified.

When Are the REP Data Due?

There are two statutory submission deadlines for the REP: the first business day in December and June 30 of each school year. The REP deadlines for the 2015-2016 school year are as follows: Fall 2015 Submission is December 1, 2015 (12/01/2015); the EOY 2016 submission is June 30, 2016 (06/30/2016).

Educational Entity Master Verification

Before entering your data into the REP, please verify that your Educational Entity Master (EEM) information is accurate and up-to-date. The Educational Entity Master is the State of Michigan's database for official building information: school/facility and district codes, administrator name(s), address, phone number, etc. These data are the central link to all data collected by the Center for Educational Performance and Information (CEPI). If the data maintained in the Educational Entity Master are not accurate and up-to-date, you may have difficulty submitting other data to the State.

Step 1:

To verify your Educational Entity Master records, please point your browser to <http://www.michigan.gov/eem> and locate the information for your district and/or school/facility.

Step 2:

If any of the information requires updating, please log in to Educational Entity Master as an authorized user and make any necessary changes. If you are not an authorized user for your district and/or school/facility, please contact one of the following people (or contact the [CEPI Customer Support Team](#) if these people cannot be located):

EEM Authorized User	Email	Phone	District
User14	train14@mi.gov	555-1225	Grand Rapids Public Schools

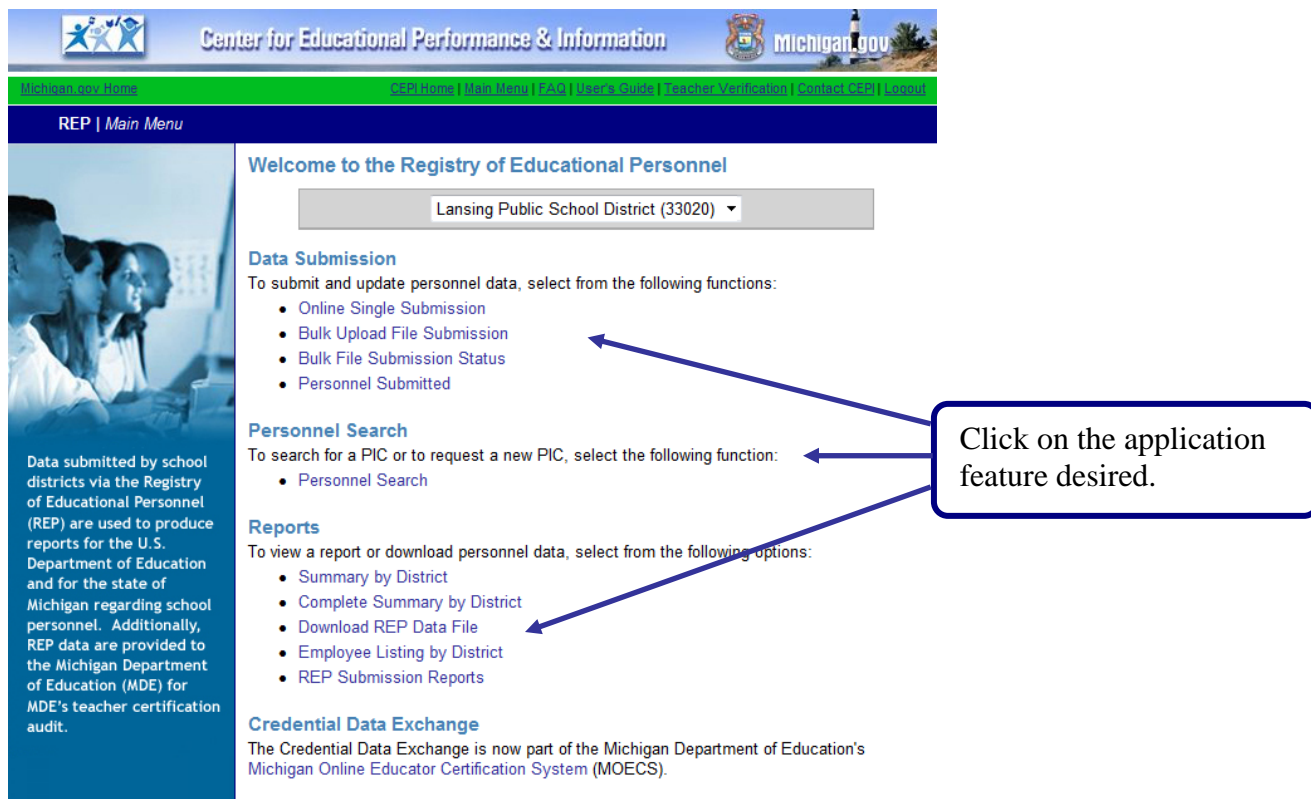

Step 3:

Once verification of your Educational Entity Master information is completed, you may now continue entering your district's educational personnel data via the REP application.

Online Application: Fields 1, 2, and 3 are prepopulated in the online application with the appropriate date of count, the authorized user's operating ISD/ESA number and operating LEA/PSA/ISD number.

Field 1: Date of Count

The date of count is the due date for submission of the REP data. There are two statutory submission deadlines for the REP: the first business day in December and June 30 of each school year. The date must be in xx/xx/xxxx format. For example, a due date for the fall submission would be entered as 12/XX/20XX and a due date for the EOY submission would be entered as 06/30/20XX. For the Online Application, this field defaults to the due date for the current submission.

Submit data in this field for all personnel with assignment codes "000AX" through "99900".

Field 2: Operating ISD/ESA Number

Submit data in this field for all personnel with assignment codes "000AX" through "99900".

This is the state-assigned operating number for the ISD/ESA. This code identifies the operating district where the staff member is employed. For example: St. Joseph County ISD is submitted as "75". For the online application, this field defaults to the ISD number for the district's authorized user.

Field 3: Operating LEA/PSA/ISD Number

Submit data in this field for all personnel with assignment codes between "000AX" and "99900".

This is the operating number for the LEA, PSA or ISD. The EEM state administrator assigns the entity codes. Use the LEA, PSA or ISD code where the staff member is employed. The EEM numbers have always been five digits. You can find all entity codes in the EEM at: www.michigan.gov/eem. Send questions regarding this field to CEPI@michigan.gov. For the online application, this field defaults to the Operating LEA/PSA/ISD Number for the district's authorized user.

Field 4: Last Name

Submit data in this field for all personnel with assignment codes "000AX" through "99900".

This is the staff member's last name. When submitting data via the REP Single Submission Online Application, do not enter data with spaces and punctuation marks. This does not apply to Bulk Upload files. In order to account for all positions in the district, report all staff members who fill positions that are temporarily vacant because of the terminations of staff members. Report all pertinent information about the temporary substitute or contractor that you would report for any employee of the district.

Field 5: First Name

Submit data in this field for all personnel with assignment codes "000AX" through "99900".

This field is required for assignment codes "00310" through "00413" and "60000" through "99900" (excluding "60300" and "60400").

This field provides the official identification of each employee. You must report the Social Security number without hyphens or spaces (e.g., you would enter 333-22-4444 as 333224444). This field must have a value if the position is vacant.

If a staff member terminates and you rehire that person at a later date, he or she would have a new hire date. For vacant funded positions (vacancy created since the previous school year and not yet filled), leave this field blank.

Field 11: Title I and Title II, Part A, Teachers

Identify the race/ethnicity of the staff member. For vacant positions created since the previous school year and not yet filled, leave this field blank.

Refer to Field 15: Racial/Ethnic Code, in the Data Field Descriptions for more information about the race/ethnicity selections.

Field 20: Educator Effectiveness

Note: This field is required for the REP EOY submission only.

The Revised School Code [380.1249(a) MCLA] requires that all districts develop and implement annual educator evaluations. These systems are locally determined and must include measures of growth in student achievement as a significant factor. Districts must use these systems to evaluate all educators, and to assign an effectiveness label to each educator.

Districts are expected to report one effectiveness label per educator. If the educator serves in multiple roles, the district must determine an appropriate evaluation metric for that individual and assign an overall effectiveness label for that educator.

The labels required for educator effectiveness under the American Recovery and Reinvestment Act of 2009, State Fiscal Stabilization Fund II (SFSF) grant assurances are highly effective, effective, minimally effective and ineffective. Local education agencies (LEAs) are required to determine and define within their local evaluation systems the criteria attached to each of four labels. If the LEA uses alternative labels, the LEA must determine which labels correspond with the four labels listed.

Under SFSF, educator effectiveness labels are required in the EOY REP data submission. Effectiveness labels should be reported based upon the employee's most recent evaluation. The evaluation of administrators' job performance is required at least annually [Section 380.1249(a) MCLA].

Fields 21 through 23 are reserved fields and not in use at this time.

Field 25: Employment Status

Submit data in this field for all personnel with assignment codes "000AX" through "99900".

This field identifies the employment status of each employee. Report the appropriate code that identifies the status of the employee:

- Report code "00" for vacant positions.
- Report code "99" for returning employees, new non-instructional employees, new (to the district) experienced teachers, substitutes or contractors, or employees on leave.
- Report code "97" or "98" for new teachers in their first three years in the teaching profession.

Refer to the REP Data Field Descriptions for a complete list of current codes.

Field 26: Date of Termination/Separation of Employment

This field applies to all employees with assignment codes "000AX" through "99900".

This is the date of termination of the staff member. Report all fields appropriate for the assignment code reported in Field 10: School Assignment Data. For vacant positions created since the previous school year and not yet filled, leave this field blank.

Report terminations during the cycle in which the terminations occur. For example, if an employee terminates his/her employment on November 1, report the termination in the December submission. If an employee terminates his/her employment on February 1, report the termination in the June submission.

Field 28: Full-Time Base Annual Salary

The purpose of Field 28 is to collect the full-time base annual salary for employees in given assignments in order to meet the needs of Title I, Part A of the *No Child Left Behind Act (NCLB)*. District users must submit this field if they are required to complete the Title I Comparability Application. Reporting of this field is optional for all other districts. This field applies to assignment codes "000AX" through "99900"

and must contain a value. Refer to Field 10 (hourly wage section) and Field 28 in the REP Data Field Descriptions for complete reporting requirements.

Field 10: School Assignment Data (includes the following data elements: School Assignment by Grade, FTE, Wage, Accounting Code, Highly Qualified, Academic Major, Academic Minor, Administrator Continuing Education and Number of Classes Taught)

This field applies to assignment codes with numbers "000AX" through "99900".

Report the staff member's school/facility where assigned, position assignment, grade level, FTE, wage, accounting function code, highly qualified status, academic major, academic minor, administrator continuing education and number of classes taught as appropriate for the assignment code. A district may submit up to nine assignment codes for an employee, with the employee's primary position (i.e., greatest FTE) reported in the first position. Most staff members have one or two assignment codes. If you report more than one assignment, you must report all sections (assignment, grade level, FTE, wage, etc.) for each assignment, dependent upon the assignment code and FTE.

This field includes the following data elements. Refer to Field 10 of the REP Data Field Descriptions for complete information about this field.

School –This is the state-assigned school/facility code (from the EEM) where the staff member is assigned. For a complete definition of a school, refer to the REP Data Field Descriptions, Field 10. For information regarding a school code number, refer to the EEM website at <https://cepi.state.mi.us/eem/>.

Assignment – (Teachers: Assignment Codes "000AX" through "00598" and "60300" or "60400")

Use these five-digit codes for instructional teaching staff members. Use these assignment codes for teachers in general education, special education, or career and technical education, as specified in the REP Data Field Descriptions in Field 10.

Assignment – (Early Childhood Assignment Codes "60100" through "60700") – Use these five-digit assignment codes for early childhood education staff.

Assignment – (Administrators, Paraprofessionals/Aides and Non-Instructional staff members: Assignment Codes "70000" through "99900") Use these five-digit codes for all non-instructional and administrative staff members. The assignment code for the administrative staff members ("70000" through "79999") includes a two-digit number for the Title (NN), one digit for the Level (N) and a two-digit number for the Function (NN). Select the assignment codes for paraprofessionals/aides ("80001" through "80016") and non-instructional staff members ("81500" through "99900") by position classification or the major responsibility of the position description. You can find these specific codes in Field 10 of the REP Data Field Descriptions.

Current Grade Assignment – Report the grade level or educational setting for the assignment of the staff member. Whenever possible, report the grade level for the staff member. If the staff member is working in an unspecified grade, report an educational setting. Refer to the REP Data Field Descriptions for a specific breakdown of the grade levels and educational settings.

FTE (Full-Time Equivalency) – Report the FTE for each staff member employed in the school district. This refers to the amount of time required to perform an assignment stated as a portion of a full-time position. The FTE is computed by dividing the amount of time employed by the time normally required for a full-time position within a given school district. If a position is vacant, report the FTE for that position. Refer to the REP Data Field Descriptions for detailed information regarding FTE. Reporting of the FTE is not required for assignment codes "00SUB," "00PAR" AND "00STU".

Hourly Wage – Reporting of the hourly wage is optional; however, you must submit a value or a fatal error will be reported. See the REP Data Field Descriptions for complete reporting requirements of the hourly wage.

Accounting/Function Code – Enter the appropriate code as determined for accounting purposes for each position in a given school district. See the REP Data Field Descriptions for the specific recommended accounting/function codes. For more detailed information, please refer to the Michigan School Accounting Manual located at <http://www.michigan.gov/mde/> under the office of State Aid and School Finance. The Michigan School Accounting Manual (Bulletin 1022) serves as a mandatory guide to the uniform classification and recording of transactions for Michigan public school districts. Refer to the REP Data Field Descriptions for more information.

Verified/updated record

Click on PIC to retrieve record.

After you have updated or verified the employee record, click on **"Submit REP Data for this Employee"** at the bottom of the submission screen.

If the update contains errors, the Error Message Report illustrated previously will appear. You must correct all errors before you can update the record.

Personnel Submitted Report/Complete Submission

The Personnel Submitted Report lists all employees reported successfully for your district for each submission cycle, as well as those employees whom you reported in the previous submission but did not update/verify. You will find this report on the Main Menu of the REP Single Submission Online Application. It is important that you verify/update all of your employees during each submission cycle. When the submission begins, all previously submitted employees have red "Xs" (✗) next to their names. After you have updated/verified a record, the red "X" (✗) will change to a green check mark (✓). When all employees have green check marks (✓) in the Personnel Submitted Report and you have submitted all new staff members, your submission is complete.

There are two items in the report heading of the Personnel Submitted Report that you should check carefully to determine that you have updated all of your previously submitted records:

1. Records updated for this submission cycle. Total ____
2. Records not yet updated for this submission cycle. Total ____

Be sure that the total for No. 2 is "0" by the due date for each submission cycle.

If an individual has left your district, you must terminate the record by reporting all the required fields for the assignment code. In Field 25: Employment Status, report the reason for the termination, and in Field 26: Date of Termination/Separation of Employment, report the date of termination.

Deleting a Record

Only CEPI personnel may delete records from the REP database. CEPI will delete only duplicate records and records for individuals who have never worked for your district.

To request to have a record deleted from your file, you must do the following:

1. Send an email message to CEPI@michigan.gov.
2. Subject line: REMOVE EMPLOYEE.
3. Message: District name and district number, followed by the employee's PIC number and name. Include a district contact name and phone number.
4. Note: If you are requesting removal of a duplicate record, the first record submitted by your district user will be retained in your REP file.

Remember, you may only request record deletions for employees listed in your Personnel Report who have never worked for your district or for duplicate records.

If you request to delete a record that should not have been removed from your file, you will be required to resubmit that record.

Problems with a Social Security Number

When a problem with a Social Security number occurs, contact CEPI Customer Support at 517-335-0505 x3. For security reasons, do not email Social Security number to CEPI.

Bulk Submission/Upload REP Data

Districts with personnel management systems commonly use the bulk submission component. The system extracts personnel records as one large data file and then uploads them in a single process called bulk upload.

Bulk Submission/Update REP Data

District users must format the bulk submission file as described in the Record Layout of the REP Data Field Descriptions. When the user is ready to upload the file to CEPI, he or she may do so through the REP Application online. All files submitted to the bulk upload must end with ".txt". The application will reject files submitted with any other extension. When submitting a file, be sure to enter your complete email address and the path and file name to upload. Use the Browse button to locate your file. After you have entered the email address and file name, click on . After you have submitted the file, the system will send a confirmation message to the email address provided.

The screenshot shows the 'REP | Bulk File Upload' page. On the left, an 'Instructions' box states: 'Enter the appropriate Fall or EOY date of count in all bulk upload files.' It also notes that files must be in plain text format (Microsoft Word, Excel, Access) and must end with the extension '.txt'. The main area is titled 'Upload a Registry of Educational Personnel'. It contains a form with the following elements:

- A text input field for 'Enter the e-mail address that CEPI should use to notify you when the file is processed:'. An annotation box points to it with the text 'Enter the email address here.'
- A 'Note' stating: 'If your e-mail system does not receive a message, please log in to the REP site and click on the menu option to check the status of your file.'
- A text input field for 'Enter the path and file name to upload:'. An annotation box points to the 'Browse...' button next to it with the text 'Click on the Browse button to locate your path and file name.'
- An 'Important!' note: 'You must include a complete file path when selecting your file. CEPI recommends that you use the "Browse" option to locate your file. If you enter the file path manually, a correct, complete file path may look like the following example: C:\My Documents\MyRep.txt'.
- An 'Upload REP File' button. An annotation box points to it with the text 'Click to upload file.'

Bulk Submission Status

After you have submitted the file via the REP Bulk Upload Application, the system will add it to the queue. Once the REP has processed the file, it will send a message to the email address that you entered. Files are processed in the order received.

The screenshot shows the 'REP | Main Menu' page. It features a 'Welcome to the Registry of Educational Personnel' header and a section for 'Happy Valley Public Schools' with a 'Set/Change Entity' dropdown and a 'Set' button. Below this is the 'Data Submission' section, which states: 'To submit and update personnel data, select from the following functions:'. A list of functions is provided:

- Online Single Submission
- Bulk Upload File Submission
- Bulk File Submission Status
- Personnel Submitted

An annotation box points to the 'Bulk File Submission Status' item with the text 'Click here.'

After a file is processed, the district will be able to obtain an error report that lists any errors in the file. To obtain the error report, click on "Bulk File Submission Status" on the Main Menu of the REP Application. If the error report does not contain any error messages, all records in the file were processed correctly.
